Task 1

Reading. Read the text and for each question choose the correct answer: A, B or C.

10 points
2 per answer

Today, many people use a card, smartphone, or even a smartwatch to pay instead of using cash. This makes shopping faster, easier, and more convenient. Digital money, also called digital currency, plays an important role in everyday life. It allows people to buy things quickly, both in stores and online.

Parents often use mobile banking to shop online, pay bills, or transfer money. Children also enjoy using digital money for fun things like buying games, music, or apps. Digital currency helps save time and makes many tasks simpler for everyone. As digital payments become more popular, they continue to make life easier, more connected, and more fun!

- What is another name for digital money?
A. virtual shopping B. digital currency C. online wallet
- Why do many people prefer using digital money?
A. It makes shopping faster and easier.
B. It increases the use of cash.
C. It is only for online shopping.
- What do parents often use mobile banking for?
A. playing games
B. buying groceries in stores
C. paying bills or transferring money
- What do children use digital money for?
A. paying rent
B. buying games, music, or apps
C. saving for college
- According to the text, what is one effect of digital payments becoming more popular?
A. Life becomes easier and more connected.
B. People use less technology.
C. Shopping takes more time.
