

Grade 7 Round I • Fall 2025

გასული წლის ტესტი

Task 1

Reading. Read the text and for each question choose the correct answer: A, B or C.

10 points
2 per answer

Many people use digital money today because it is quick, safe, and simple. It allows people to pay for things anytime and anywhere with just a phone or computer. Digital payments make shopping easier and help people stay connected around the world.

In addition to digital wallets and banking apps, digital coins are also becoming very popular. Big companies like Tether have made it possible for people to send and receive money online in seconds. Tether is known for keeping its value stable, which makes it a great choice for everyday use and online trade. These modern technologies help people buy products, pay bills, and even invest – all in one place.

By using trusted platforms and keeping their apps updated, people can enjoy the comfort and speed of digital money. Digital finances are shaping the future by making payments faster, safer, and more flexible for everyone.

- Why do many people use digital money today?**
 - Because it is quick, safe, and simple.
 - Because it does not need internet access.
 - Because it can only be used in stores.
- What devices can people use to make digital payments?**
