

## GRADE 6

### READING

#### Task 1. Read the text. Choose the correct answer A, B or C: (10 points)

Penguins are among the most popular of all birds. They only live in and around the South Pole and the continents of Antarctica. No wild penguins live at the North Pole. There are many different kinds of penguins. The largest penguin is called the Emperor Penguin and the smallest kind of penguin is the Little Blue Penguin. There are 17 different kinds of penguins in all and none of them can fly.

Penguins have to be able to survive in the some of the Earth's coldest and windiest conditions. They are great swimmers and have thick layers of fat to protect from the cold. Even in freezing conditions, penguins still have to watch out for killer whales and seals.
